

Check this box for the primary activity roster.

Instructions for Registration Notes

(Optional) If specified, a Registration Notes field will be requested from participants when they register, along with this text.

How to get your trip to show up in the Gore Range Group Calendar

1. Go to the “Categorization” section of your trip.

Categorization

Tags

Tags are commonly used for ad-hoc content organization. Note that this field works like a dropdown but also allows you to do a type-ahead search and add tags. Tags are case-sensitive so it's important to use the correct tag; for example "Alpine Climbing" not "alpine climbing".
