Dear Friend,

Welcome back leaders!

Reminder from your Executive Director:

For over a century we've provided smart, responsible, and honest mentorship enabling leaders. YOU are part of CMC's legacy in leadership and adventure. Take care of yourself and others and continue to pass your knowledge on as to help.

Volunteer Spotlight: Glenn Barr

Each month we will be highlighting a CMC leader or instructor.

Glenn Barr got his start in outdoor education while working as a Young Americans for Freedom instructor. His love for nature and gratitude for outdoor experiences led him down the path of becoming a CMC Trip Leader. Since 2014, he has been a Pikes Peak Group Council member, instructor (wilderness fundamentals, backpacking, GPS, and Nalgene water bottle), as well as being part of the John Muir Trail in California as a thru-hike. He highly recommends members consider becoming a trip leader, so you always have folks to join you on your trips. Fun Fact: while he often hikes solo, his near-term goal is to finish that before looking to the John Muir Trail in California as a thru-hike. We want to extend our deepest gratitude for all Glenn has done and continues to do for the Club! You rock Glenn!
