Volunteer of the Month:

Don

Don first joined CMC in 1975 when he took the Basic Mountaineering Course in Boulder
After a long stint in the Chicago area as a research scientist in the food industry, he
longed to return to the mountains of Colorado and rejoined CMC in 2004. He has held
various positions on the Northern Colorado (formerly Fort Collins) Group Council as
(secretary) as well as the CMC Board of Directors (secretary). His conservation activities
included work on the Colorado Trail near Copper Village as well as on various trails in
the lower Poudre Canyon up to Cameron Pass. He leads hiking, snowshoe, and cross-
hiking buddies who were wanting a fourteener experience. While hiking with Don, you
snowshoe workshops. He has summited several fourteeners multiple times with different
routes and places
including the Boulder multi-day traverse, Longs Peak, Mount Meeker, and Mount Bierstadt.

He enjoys training volunteers to become CMC volunteer leaders, but he also
could be found at the Front Range Volunteer Camp to help orient new backpackers.
In his free time, you may find him stopping often as he enjoys working on projects for his favorite hobby of
mountain safety, responsibility, and courtesy. Celebrate the
Fund, which supports CMC member projects focused on
